Opening night is creeping up extremely quickly! Your attendance at all rehearsals, working bee and bump in is essential if this show is going to be anything close to decent on stage! Do not let others down by lacking enthusiasm. If you have not done a show with Regals before, speak to anyone who has and you will learn that the long rehearsals, working bee and set building are actually a whole heap of fun and the fact of the matter is that without cast members attending these – we do not have a show!

Be prepared to lend a hand and everyone benefits!

Thank you to those of you who are consistently working hard and let's make this experience as enjoyable as possible and put on a really high quality show!

Thank you,

Lauren. (Less than four weeks until opening night!!)
